BOOK STORES.

A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee.

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated, BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER.

1 vol. octavo, 640 pages, with new Steel Portraits of Gen Henry Lee, Gen. Robert E Lee, and Gen. Nathaniel Greene; beautiful Steel Engravings of "Marion Crossing the Pedee," and the "Surrender of Cornwallis;" Maps of the Siege of Charleston, S. C.; the siege of Yorktown, Va.; the Battle fought near Camden; the Battle of Guilford; the Battle of Hobkirk's Hill; and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States is the standard work on the subject of which it treats; and this new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent person.

This history has been for a long time out of print, and because of its accuracy as a history of that interesting period and that there was no work to supply its place, I was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives a LARGE COPYRIGHT UPON EVERY COPY OF THE BOOK SOLD. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4 00.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, DECEMBER 1, 1869.

THE NORTH CAROLINA BONDS.

The Bonds of this State have, for some time past, shown a continual downward tendency in the North, and, indeed, in all the markets, until they have reached a ruinously depreciated point—a point so low as to render them almost a proverb of worthlessness among the securities offered in the Stock Boards.

The *Standard* charges this depreciation to the Democratic party and papers of the State, and gives a liberal share of its censure to the SENTINEL, which, it says, has been mainly instrumental in bringing the bonds and credit of the State into suspicion, by hinting at repudiation, and thus destroying the market value of the bonds.

Without characterizing the declarations of the *Standard* on this subject with terms that their falsehood would fully justify, we shall make a simple statement of facts in regard to North Carolina bonds, their origin, and history, and leave it to all interested as to who is to blame for, and what is the cause of, the present deplorable condition of these bonds, and the low ebb to which our State credit has fallen.

In the first place, every body cognizant of affairs in the State, knew, when the present Legislature and other State officers were elected, there was a manifest want of statesmanship and financial capacity, that boded nothing but mismanagement and disaster to the material interests of the State. This fact was as well understood, if not better, outside of the State, as in it. No one expected wise and prudent legislation from such an incongruous assemblage of legislators as met in our Capitol, although their reckless extravagance and corrupt action, as shown in the Penitentiary and Chatham Railroad appropriations, under the influence of Littlefield's whiskey and bribery might not, at first, have been anticipated. These and eight or ten millions more of unconstitutional appropriations (declared unconstitutional by the highest State Republican authority) had no tendency to increase public confidence in the wisdom of the administration of affairs in the State, nor in the stability of her financial promises.

Another thing which had a tendency to weaken the public faith abroad in our State bonds was the oft repeated declarations of the Executive that the interest on the bonds would be met, and the as often failure of the Treasurer to make the promise of the Executive good. All must remember how often the Governor has telegraphed and written that the State would pay the interest on her bonds, while the fact is patent that there has been a total failure in every instance to verify the promise. Is it not calculated to weaken the credit of the State when her chief Executive thus, from time to time, deceives the public by false promises?

There is another fact in connection with our State bonds which has had its bearing on the validity of the bonds, and that is, that there are known to be, by the published admission of the Treasurer, a large amount of spurious bonds in circulation.—We allude to the Chatham Railroad bonds, which the Treasurer, in his published card last Summer, said had been issued in pursuance of the act of appropriation, and which bonds are declared, or admitted, illegal. In this connection we may mention the penitentiary bonds which are also out somewhere, and which, of course, are considered worthless. Would it not impair the credit of an individual to have his paper—and such paper—floating about loose in this manner? and can anything better be expected for a a corporation or a State under similar circumstances?

But the management of the railroad bonds of the State, by those into whose hands the law placed them, has had no small share in bringing them into suspicion and consequent depreciation. "Conceived in sin and brought forth in iniquity," or conceived in extravagance and brought forth in corruption, as most, if not all these appropriations were, the manner of using them has still more tended to bring them into disrepute.

When some of the appropriations were under consideration in the Legislature, it was openly declared that bribery was being practiced to get them through, and this not only by the minority party, who opposed these appropriations, but by members of the dominant party that passed them, and when an investigation was sought, those by whom the facts could have been established, placed themselves beyond the reach of the investigating Committee, and the matter fell through. These things were known outside of the State as well as at home; and while the particular parties to the corruption escaped conviction, the charges were, in minds of all impartial observers, fully established.

The same thing is repeated the present session. Parties having custody of the bonds have been charged openly with misapplying them to their own use. The pressure of public opinion is brought to bear and an investigation is instituted, but, as was the case last session, the parties who could state the facts in the case, and who are personally implicated by the rumors, again place themselves beyond the reach of the Committee, and nothing *but a confession of the truth of the charges* upon the public mind is the result of the matter.

These influences, with others that might be named, have operated to the depreciation of our bonds and the utter prostration of the State's credit; and no change for the better need be expected until the administration of our financial affairs is placed in charge of wiser and honester men.

WHAT'S THE MATTER, NEDDY?

It seems our Radical friends of Wilmington, raffled for the elephant and won him, in the shape of our old secesh acquaintance, Judge Cantwell, who, having repented in sackcloth and ashes for his past sins, was comforted with the appointment to the Judgeship of the Special Court, organized "o'purpose" in that ancient borough. But having won the animal, and being sufficiently amused with the playful switchings of his proboscis, they are inclined to dispose of him on almost any terms. To effect the purpose, a petition has been sent up to the "assembled wisdom," which petition is backed by facts and arguments, contained in the paper which we publish below, gotten up, "irrespective of party," and printed at the Standard office. It would seem that the Wilmingtonians, in their Special Court and its Judge, especially in its Judge, had got "a little too much of a good thing."

SOME OF THE REASONS WHY THE SPECIAL COURT FOR THE CITY OF WILMINGTON SHOULD BE ABOLISHED.

It is burdensome to the people of New Hanover county; it cost the county Six Thousand Dollars a year, for which a direct tax upon the peoplels levied, which is more than one-fifth of all the property tax levied for county purposes.

There are summoned yearly 144 regular jurors, besides the talls jurors. Very many of the jurors are compelled to travel a long distance to attend the Court at the busiest season of the year, to the neglect of their farms, to sit upon the trial of misdemeanors committed solely within the corporate limits of the City of Wilmington. The Court has no civil jurisdiction whatever, and any Justice of the Peace of the county could have tried any case that has legally been before this Court.

The people, for whose benefit the Court was established, have, with wonderful unanimity, (as is evidenced by the memorials sent to the General Assembly) opposed its continuance; it is in fact, not only unnecessary, but is the language of the memorials, utterly useless for any purpose of good.

These are the objections to the *Court itself*, but the feeling of opposition to its continuance, has other foundation; the gentleman who presides over its deliberations, has exhibited such a disregard to the feelings and interest of the people of New Hanover County, has displayed so much passion, has exercised so much tyranny, has used his little brief authority to oppress and harrass the people to such an alarming extent, that the citizens, as one man, ask for the abolition of this engine of oppression.

The Judge of this Court, unlike any other Judicial officer of the State, does not hold his office, directly from the people, and his conduct, therefore, is not subject to the just and reasonable scrutiny of the electors at the polls. He proudly lords it over the people, and openly proclaims that he bids them defiance; nay more, he has declared from the Bench that the Legislature has no power to interfere with his august tribunal.

Why should the Representatives of a people thus suffering from oppression, and tyranny, and taxation, refuse to hear the appeal of their constituents, when respectfully submitted?

The hostility to the Court is universal, its utter uselessness is apparent, its burdens bear heavily upon an enterprising portion of the citizens of the State, and why should the Legislature hesitate to relieve them? There is nothing of politics in this question, it is purely a question of policy, and a prayer for relief. But if there is politics in it, the party that carrys this Court and this Judge will have a dead weight to carry.

The Legislature of North Carolina.

SENATE.

TUESDAY, Nov. 30, 1869.

The Senate was called to order at 10 o'clock.

Henry Eppes, colored, was allowed the privilege of recording his vote on the resolution relating to the removal of political disabilities; he voted in the negative.

Mr. Lassiter, from the special Committee, to whom was referred several communications and resolutions relating to the credit of the State, reported a substitute for the whole.

Mr. Etheridge moved a suspension of the rules in order to put the resolution on its passage. The motion prevailed.

Mr. Graham said he could not vote for the resolutions, because a part of them was not true, and, moreover, they were simply paper declarations that would amount to nothing—making more empty promises when there is no arrangement being made to meet those promises. If Republican Senators really meant anything by the resolutions, they would put the Constitution into effect and make adequate arrangements to meet this interest by taxation. He did not believe that this General Assembly intended to pursue any such policy during this session.

Mess. Etheridge and Swist urged the adoption of the resolutions.

Mr. Lindsay, (Republican,) said he regretted that the consideration of these resolutions had been forced upon the Senate to-day. He was constrained to believe that the Senate had no idea of carrying out in good faith the declarations of these resolutions; they are not willing to vote for the tax to meet the requirement of the resolutions; he looked upon the whole thing as a mere farce. Some of the Senators who have spoken before me in favor of these resolutions, who have hooted at the idea of repudiation, talked about the dishonor of repudiation, and those very men who sing that song, have by their own actions already inflicted upon North Carolina the disgrace of repudiation. It would have been well for them to have thought about it then. They repudiated bonds at their last session amounting to $100,000! Why! on the charge of fraud? He would not say it was so, but if a thorough investigation into the numerous charges in relation to certain railroad Presidents, had been admitted here as proposed by the Senator from Orange, more fraud and a great deal of it might have been detected. You can repudiate North Carolina debts, but you hold up your hands in holy horror, when anything is said about repudiating debts due the Wall Street brokers.—These resolutions go on and assert "that we pledge ourselves to pursue a course of economy." How can you vote for that clause when a proposition to reduce the per diem and mileage of the members of the General Assembly was voted down? That looks like beginning to economize; you make your pledge about economy and pass your paper resolutions, but the people will require something more substantial.

He noticed in a certain report (meaning the Treasurer's) that the entire receipt of the enormous tax laid on the people this year, is just sufficient to meet the expenses of the State Government! Even this tax is more than the people can bear now; double it, and what will be the consequence? This kind of legislation is drawing the people into repudiation, whether, they desire it or not. You put this tax on the people. You have taught them repudiation, and they will strike deeper into it, and then Wall street will howl. The resolution was nothing more nor less than a farce, and it was this kind of legislation the General Assembly had been engaged in ever since its return, and the effect has been that the bonds have gone down, down, down. He would vote against the resolutions, or any tax bill to increase the present burthens of his people.

Mr. Lassiter urged the adoption of the resolutions.

Mr. Jones, of Mecklenburg, opposed the resolutions in a speech of some length, able and replete with argument. We shall publish his remarks in full at another time.

Mr. Winstead, (Republican,) said North Carolina was his home and he had known no other, and he felt a deep interest in her welfare, but it would do no good to disguise the fact that our State credit is now tottering. Why it was so, was a subject that he did not intend to investigate at the present time; the only question should be what course must be pursued to sustain and build up the credit of the State, and make her strong as she once was. He was not as sanguine as the Senator who introduced the resolution, that this was the proper method to pursue to accomplish that end; but it could do no harm and he should vote for it. If the credit of the State can be built up in this harmless, cheap way, he thought that no Senator should hesitate to vote for the proposition.

Mr. Moore of Carteret called the previous question, the motion prevailed, and the substitute was finally adopted and passed. Ayes 29, Nayes 8.

The President presented a communication from J. B. Eaves, Senator from the 35th District, tendering his resignation.

Mr. Forkner moved that the resignation be accepted.

Mr. Graham, raised the point of order in reference to the motion, that a Senator had the right to resign his seat, and there was no further action necessary.

The President ruled that the motion to accept the resignation was in order. The motion was put and prevailed.

At the request of Mr. Love, Mr. Lassiter moved a reconsideration of the vote by which the Senate agreed to adjourn on the 21st of December to meet again on the 3rd of January, which passed on yesterday.

Mr. Beeman moved to lay the motion on the table; lost—ayes 19, nays 21.

The motion to reconsider prevailed.

Mr. Love moved to amend by striking out December 21st and insert 13th and strike out 3rd of January and insert 8th.

A. H. Galloway, colored, moved to lay the amendment on the table, lost—ayes 18, nays 21.

Mr. Etheridge moved its indefinate postponement.

Mr. Love called the previous question, which was sustained.

The motion to indefinitely postpone was lost, and the amendment was voted down.

RESOLUTIONS.

By Hyman (col): A resolution relating to the withdrawal of State bonds from the market. Lies over.

By Mr. Jones of Mecklenburg: A resolution requesting an additional report from the Auditor. Lies over.

By Mr. Blythe: A resolution, cutting off the *per diem* of members when absent from the Senate, unless detained by sickness. Lies over.

On motion the Senate adjourned.

HOUSE OF REPRESENTATIVES.

TUESDAY, Nov. 30th, 1869.

House met pursuant to adjournment.

A communication was read from the Attorney General transmitting an opinion in regard to the legal construction of certain sections of the Homestead, in accordance with a resolution passed by the House some days ago. Ordered to be printed.

Leave of absence was granted to Messrs. Stilley and Harris, of Wake, colored.

PETITION.

J. S. Leary, colored, presented a petition from certain citizens of Fayetteville. Referred.

REPORTS OF COMMITTEES.

Mr. Mendenhall, for the Committee on Education, reported upon several bills which were placed upon the calendar, and will be noticed when they come up regularly.

J. H. Harris, colored, for the Committee on Propositions and Grievances, reported upon several bills which were placed on the calendar.

RESOLUTIONS AND BILLS.

By Cuffee Mayo, colored: A bill to consolidate different townships. Referred.

By Mr. Seymour: A bill to authorize the county of Craven to issue bonds to pay her indebtedness. Referred.

By the same, a bill to allow the Commissioners of Craven to levy a special tax.—Referred.

By Jno. Williamson (col.) a bill to authorize Sheriffs to advertise for proposals to subsist prisoners. Referred.

Mr. Argo, said he wished to record his vote in the negative upon the resolution referring the question of the tenure of office of members of the General Assembly, to the Supreme Court. He regarded such reference as a disposition on the part of the House to shirk their duty in this matter and a disposition not to trust the people in another election. The Courts were restrained by law from rendering a decision upon matters of law except when properly brought before them. He thought this whole matter manifesting a disposition towards a shameful and outrageous usurpation of power.

The reference was unnecessary, and would be useless if the Court did its duty. Mr. Argo then recorded his vote in the negative.

Mr. Seymour, in recording his vote in the affirmative, said if the Court rendered no decision he would vote for a term of four years.

Mr. Downing voted in the affirmative and concurred with Mr. Seymour.

Messrs. Moore of Alamance and Nicholson, voted in the negative.

Messrs. Ingram, Gunter, Williamson (col) and Stilley, recorded their votes in the affirmative.

By Mr. Seymour: A bill to change the time of holding Courts in the 3rd Judicial District. Referred.

By Mr. Stilley: A bill in relation to properly hold by the Board of Education. Referred.

By Mr. Ashworth: A bill in favor of G. F. Rush. Referred.

CALENDAR.

The bill to authorize the County Commissioners of Craven to levy a special tax for certain purposes. Postponed.

Resolution in favor of the Sheriff of Nash county. Referred.

The bill to amend the act relative to the Western Turnpike Road was next taken up, and elicited quite a spicy debate between Mr. Welch, of Haywood, opposing, and Mr. Candler of Buncombe advocating the bill.

The yeas and nays were called and the bill passed its second reading by a vote of yeas, 47 nays 22.

Resolution in regard to poll tax—State and county tax shall in no case exceed $3. Referred to Committee Judiciary.

Resolution reducing the *per diem* of members of the General Assembly and the salaries and fees of all State and county officers. Presiding officers of the two Houses $5 per day, members, Clerks and Doorkeepers, $4, and the salaries and fees of all State and county officers shall be reduced one-third, introduced by Mr. Painter.

Mr. Stevens moved to indefinitely postpone. Carried.

By permission, Mr. Ellington introduced a resolution to print a list of the bills upon the calendar every ten days.

On motion the rules were suspended.

Mr. Parker thought it would incur a useless expense, and, therefore, was opposed to the resolution.

After some little debate the resolution was adopted by a vote of yeas 71, nays 10.

On motion of Mr. Justice, the rules were suspended and the bill concerning roads, ferries and bridges, was taken up and referred to a select Committee of five.

On motion of Mr. Barnett, the rules were suspended and the bill selling the State's interest in the North Carolina and Atlantic and N. C. Railroads was taken up, (bill published before.)

Mr. Barnett moved to refer it to the Finance Committee.

Mr. Seymour moved its indefinite postponement.

Messrs. Moore, of Chowan and Stilley favored the reference.

Mr. Durham said while he opposed a sale of the Road, yet if the State could realize $8,000,000 or $10,000,000 in *old* bonds, for which she only gave $4,000,000, he certainly was in favor of giving the matter a consideration, therefore, he was opposed to the motion to indefinitely postpone.

After a considerable debate, the motion to indefinitely postpone was rejected by the following ballot:

AYES.—Messrs. Ames, Argo, Armstrong, Boddie, Carson, Clayton, Davidson, Dixon, Perebee, Gahagan, Gibson, Hawkins, Hicks, High, Hinnant, Hodnett, Ingram, Jarvis, Justice, of Rutherford, Leary, Long, of Richmond, Matheson, Mayo, McMillian, Mendenhall, Morrill, Morris, Nicholson, Price, Rentrow, Robbins, Seymour, Shaver, Siegrist, Simonds, Smith, of Alleghany, Smith, of Wayne, Swaet, Waldrop, Williamson. 40.

NAYS.—Messrs. Ashworth, Banner, Barnett, Barnes, Crawford, Downing, Durham, Eagles, Ellis, Gatling, Gilbert, Graham, Green, Grier, Hendricks, Hodgin, Hoffman, Humphries, Hudgings, Justus, of Henderson, Kelly, of Davie, Kelly, of Moore, Kinney, McCanless, Moore, of Alamance, Moore, of Chowan, Painter, Parker, Pou, Poetor, Rea, Robinson, Reynolds, Smith, of Martin, Snipes, Stanton, Stevens, Stilley, Sykes, Vestal, Vest, Whitley, Williams, of Sampson, Wilson.—49.

The bill was then referred to the Committee on Finance.

Mr. Moore, of Chowan, arose to a question of privilege in regard to some statements of the "SENTINEL'S" in the proceedings of Friday last.

THAT CRAZY MAN.—Last Friday evening Colonel Moulton, of Cincinnati, invited a few of his friends to his home to meet his brother in-law, who was stopping with him for a short time. During the evening a young lady present was accosted by a middle-aged gentleman, who appeared very inquisitive, asking her many questions about herself and friends. After answering the questions the lady availed herself of the first opportunity for escaping from the eccentric gentleman, who not only astonished but bewildered her with his queries. Rushing into an adjoining room, she called one of the members of the family to the door, and, pointing out her new acquaintance, said, "Who is that crazy man there?" On being informed that it was General Sherman the lady felt greatly provoked at his rudeness, but was somewhat reassured by her friend intimating it was not the first time the gallant General had been called "crazy." *Louisville Sun.*

THE FEAST TO-NIGHT.—We have had a little peep behind the curtain, and have got a sort of advance bill of fare for the Ladies' feast at Tucker Hall to-night, and, if it were not against the rules to tell tales out of school, we'd have a large number of mouths watering all day to-day in anticipation of the splendid treat awaiting them for to-night. Now we are opposed to the "grab" practice that is sometimes witnessed on such occasions, but the ladies have declared, "honor bright," that they are going to have a good supper, charge fair prices only, to those who may patronize them; and hope to raise money enough by this means, to refurnish with some necessary articles, the Methodist parsonage of this city. As we always make it a point to believe, implicitly, what the ladies say, when their age is not in question, we cheerfully endorse their invitation and promises in this matter, and hope their efforts will be crowned with success.

By-the-way; some of the most beautiful and lovely women of the city will give their personal supervision to the comfort of the guests on the occasion.

U. S. CIRCUIT COURT.—Judge Brooks, sitting as District Judge, after opening the Circuit Court on Monday morning, and adjourning the same to Tuesday, heard the case of the Cuba, the arguments of the defence, by Messrs. George Davis and O. D. Mears, being concluded Monday afternoon. The Judge has not yet delivered his opinion in the case.

On Tuesday morning the business of the Circuit Court was resumed. The Grand Jury was charged by His Honor in an able manner, and the docket taken up.

Cases called yesterday were, U. S. vs. Wm. Hunt and Calvin Benton—continued to next term.

U. S. vs. Elijah Needham—not guilty.

Same against Ruins Mangum—not guilty.

Same against Jas. Flynn—guilty.

We notice the following members of the Bar, in attendance, in addition to those mentioned yesterday—Messrs. W. Clark, T. C. Fuller, Nat. Boylan, J. M. McCorkle, G. B. Harris, T. B. Venable, R. P. Lehman, T. B. Keogh, L. Scott, O. P. Mears, M. W. Ransom, H. K. Nash, R. R. Gilliam, A. R. McDonald, G. V. Strong, L. W. Humphrey, W. A. Montgomery, W. G. Morrisey, J. W. Sharpe, Capt. Jo. Davis, E. Page and Geo. M. Whiting.

EXHIBITION AT THE D. D. & B. INSTITUTE.—Last evening W. J. Palmer, Superintendent of the Deaf, Dumb and Blind Institute, gave a most pleasing and instructive exhibition at the Chapel of the above named Institute.

The lateness of the hour precludes the possibility of an extended notice, so we can only say that that the pupils exhibited a most remarkable proficiency in the various branches of their studies, and gave evidence of a thorough and proper training.

A GOOD SUGGESTION, ONE AT A TIME.—The correspondent of the New York *Tribune* of Saturday in his letter from Richmond has the following:

"The subject of persons holding two offices at the same time is again under consideration by the Departments, and it is not improbable that heads of Bureaus will unite in asking Congress for the passage of a law prohibiting United States civil officers from holding official positions under State or municipal laws. It is held that the practice, which has so largely obtained lately, works great injury to the Government business. The subject has been again brought up in consequence of the number of revenue officers, especially in North Carolina, who hold State positions, which divide the attention of the officer."

Cure for Coughs or Cold.—As soon as there is the slightest uneasiness of the Chest, with difficulty of breathing, or indications of Cough, take during the day a few of "*Brown's Bronchial Troches*." Containing demulcent ingredients, they allay Pulmonary Irritation. Have them in readiness upon the first appearance of a Cold or Cough.

Notes for December, addressed to the Feeble and Debilitated.

This is a trying season for invalids, indeed for all who are not blessed with robust constitutions and iron frames.

Cold has come upon us suddenly, sealing up the open pores, and sealing in as it were, any seeds of disease that may have been lurking in the system, but which remained undeveloped so long as the warm current of the body and all acid and unhealthy exhalations were freely discharged by evaporation from the surface and through the bowels.

A tonic, aperient and alterative medicine is now needed to invigorate the vital powers depressed by a low temperature; to stimulate and purify the secretions, and so fit the body to endure, without inconvenience, pain or danger, the sudden climatic change which ushers in the Winter.

The only preparation which will fully meet this almost universal need, and will thoroughly and surely perform the important work, is the leading tonic and alterative of the age, HOSTETTER'S STOMACH BITTERS.

This popular specific improves the appetite, invigorates the digestive organs, regulates the flow of bile, enriches the blood, calms the nerves, relieves constipation, promotes superficial circulation and evaporation, and being composed solely of wholesome vegetable elements, with a pure stimulant as their diffusive vehicle, may be taken by the weakest without fear. The flavor is agreeable, for although the BITTERS are a potent medicine, they contain no unpleasing element.

Dec 1-codlw

We learn from the Newbern *Journal of Commerce*, that a most brutal assault was made upon Mr. J. C. Washington, of Kinston, by a negro, on Saturday, and that his life is seriously endangered thereby.

TO THE CLERGY AND LAITY OF THE DIOCESES OF NORTH CAROLINA, SOUTH CAROLINA, GEORGIA, FLORIDA, ALABAMA, MISSISSIPPI, LOUISIANA, TEXAS, TENNESSEE, AND IN ARKANSAS.

DEAR BRETHREN:

At the annual meeting of the Trustees of the University of the South in August last, the undersigned were appointed a Committee to address you on the subject of the Offering on the 3rd Sunday in Advent, and to urge its collection in every Parish and Congregation in the South.

You may remember, that the plan of an annual offering was adopted by the Trustees at the meeting of last year, and soon after commended to you by the ten Bishops, (who are ex officio Trustees,) in a Pastoral Letter. For various reasons but few Parishes responded, and very little was given. The hope is earnestly cherished, that this may not be the case again.

A brief statement of the condition, wants and claims of the "University" must suffice for our present purpose. The Junior Department was opened in September, 1868.—The close of the first year found the number of students, (nearly one hundred), too large for the accommodations provided.—In view of this state of things—a measure of success almost unexampled in any similar undertaking—the Board, at its late meeting, appointed a special agent, the Rev. O P. Thackara of Florida, to raise, by personal effort in our Parishes, at least twenty-five thousand dollars, for the erection of additional boarding houses, and a building for the Grammar School, to be ready, if possible, by the opening of the Lent Term in February next. Mr. Thackara has consented, though at much sacrifice, to undertake the work. He is eminently fitted for it, and earnestly commended to you in its prosecution. The object of his mission, however, is entirely distinct from the "annual University Offering," which is to continue from year to year, to assist in the gradual development of this central educational School of the Church in our midst.—Through this, the channel of our parochial offerings in every place, it is designed to give all our people an opportunity for systematic contribution to an object which ought to be dear to their hearts; and in this way, as well as by information thus annually imparted, to interest them the more in its progress.

A self supporting point has been reached as to the salaries of the Professors. Beyond this the receipts from tuition can scarcely be expected to go. To provide for permanent College buildings, the necessary apparatus in every department of instruction and the purchase of books for the Library, (now numbering over 4 000 volumes,) funds must be raised from other sources. Munificent endowments and bequests by individuals will doubtless come in the course of time to the aid of the "University." But upon these we can not rely to meet the pressing necessities of its early growth which have been mentioned. It is rather to a steady stream of contribution from the members and friends of the Church throughout our borders that we must look, and on this as hopefully and confidently rely. To this end the plan of the "Advent Offering" was proposed and adopted. Whether large or small in any place, it will nevertheless help to swell the general amount which is now, and will continue to be, so much needed. Of the original subscription of about four hundred thousand dollars, but little we fear, can now be collected. No State cod-ument can come to our aid. Our brethren in other portions of the land have their own Church work to encourage and support. We must therefore of necessity rely to a great extent upon ourselves. And as we ought to do this, so we believe with the rapidly returning prosperity of our people, their common obligation in this important behalf will be met in equally increasing measure.

The general plan of the University, as embodied in the Constitution and Statutes, was intended to combine the best features of those great Schools of Learning in the old world which have so long flourished, as well as of the best in our country. And in its religious aspect at least, as it is developed with time and ample endowments, it will doubtless mark a new era in the history of American University education. Though now in its infancy, the Faculty is believed to be equal to that of any other Institution of corresponding age and numbers to be found. The Trustees are determined to reach the highest possible standard of scholarship in teachers and pupils alike. Any existing defects growing out of our limited means and the rapidity with which the School has filled up, will be remedied as speedily as possible. The character of the Board of Trustees, composed as it is of the Bishops, and of one Clergyman and two Laymen, elected triennially by the Conventions of the several Dioceses, should inspire confidence, as furnishing every reasonable guaranty of efficient oversight, and a spirit of devotion to the advancement of the Church in its integrity and the best interests of the young.

Every facility possible, as our means permit, will be extended to the sons of the Clergy. They are now received at half the usual rates of tuition, and much more will be done for them hereafter. In the Theological Department, as it is built up in the future, will be found one of the most important aids to the growth of the Church in our widely extended field. But we can not dwell on these points at further length. The cause of the "University" is the cause of all the Dioceses interested in the work. Of its importance to the Church and the rising generation, too much can not be said. Catholic in spirit, comprehensive in scope, and elevated in its aims, it is worthy of the Church, designed to meet the highest educational wants of our people, and is one of the first necessities of the times. It has survived a state of things which not only suspended all effort, but seemed for a time to threaten its extinction. And now if our people, who are or ought to be most deeply interested in it, have faith in themselves, in those to whom the work is more immediately committed, and in the blessing of God upon our efforts, final success, such as was at first anticipated by the Fathers who led the way, but are fallen asleep—Polk, and Elliott, and Otey, and Cobbs, and Rutledge—final success, such as they anticipated, will be placed beyond all peradventure. It may not be seen to the full, and will not in our day; but our children and our children's children will gather there in the time to come to rejoice in the light thereof, and bless the memories of those who laid its foundations.

The foresight which selected for the "University" the beautiful plateau of the Cumberland range, will be appreciated more and more as its unsurpassed advantages are developed in the future. Two thousand feet above the level of the sea, gently undulating, with numerous springs of purest water, a most salubrious climate, a rich forest growth, inexhaustible quantities of stone, and coal in abundance—accessible by railroad to all parts of the country, and yet in its healthful isolation exempt from those temptations to dissipation and vice in the young which elsewhere so generally abound, there is probably no locality on the continent better adapted to the permanent growth and success of such an Institution.

We can only commend, in conclusion, to your fostering sympathies and generous support, this noble undertaking; for without these it can not succeed. The Clergy are earnestly requested to read this address in full to their congregations; and to provide, on the day appointed, the 3rd Sunday in Advent, or if that is impracticable, on some occasion soon after, for such offerings as their people will cheerfully give. And may God incline their hearts to contribute liberally, according to the ability which He hath given them.

All sums collected should be forwarded to Dr. H. M. ANDERSON, General Treasurer, Rome, Georgia.

For Gents, Boys and Children. Pull off your old summer hat; it's too late to wear it now; style is changed. In fact, a new hat looks best, anyhow. Call at Creech's corner and examine, before you buy a new Hat.

SHOES! SHOES!

One among the largest and best assortments in the City. Come, pull off your old shoes, throw away those that are worn out, and put on a new pair. Keep your feet dry, and preserve your health. Always come to Creech's before you buy.

Ladies and Misses' Hats! Hats!

No use to talk. The style has changed. Spring and Summer styles are out of vogue; so go to CREECH'S. HE ALWAYS KEEPS THE NEW STYLES.

LADIES' BONNETS,

Some small enough; some large enough; some trimmed; some untrimmed. It won't do you any harm to call at Creech's before you buy.

CLOAKS AND SHAWLS.—A Fine Assortment.

Now don't you think you had just as well step over to CREECH'S, and look. Probably you will save time and money. In fact, that is just the very place to get the worth of your money; and permit me to tell the people, that when they visit the City, to COME TO CREECH'S, for thousands who have come, acknowledge the truthfulness of my assertions.

I have more to say to you, but will tell you the balance of my place of business.

SCHOOL BOOKS.

The Most Eminent Teachers in North Carolina
DECLARE EMPHATICALLY IN FAVOR OF
The National Series of School Books,
WHICH WERE
Adopted by the State Board of North Carolina, Sept 9, 1869.
UNANIMOUSLY
Adopted by the State Board of Alabama, Aug. 18, 1869.
UNANIMOUSLY
Adopted by the State Board of Louisiana, July 17, 1869.

☞ By reference to the accompanying lists of Text Books used in the Schools of North Carolina in 1868 and those adopted this year, it will be seen that, in nearly every important particular,

THE OLD NORTH CAROLINA STANDARD IS RETAINED.

1869.	1855.

Monteith's History United States.	Bullion's English Grammar.

From Rev. C. H. WILEY formerly State Supt. of Education.

RALEIGH, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERLY, Prin Chas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. ENGLISH, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Edenville, Sept. 28, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. SMITH, Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction.—O. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1856, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUGGER, Prin. Male Academy Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally), seem to me to be admirable.—Rev. ALDERT SMEDES, D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long need no others when these could be obtained.—Dr. WM. B. HARRIS, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. WM. BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CROSS, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—WITHERSPOON IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. GRAHAM, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. O. D. BURKHEAD, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. JOS. H. FOY, President Stanton-burg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz.: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bingham, Cary P. O., uses the National Series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National series of books, within my knowledge.—Prof. W. H. MERRITT, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High school, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *American*, 1866.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—Western *Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Eastern *Journal of Commerce*.

When we examine the bright pages of the National Series, and think how we groped along the dry and uninteresting "track" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SLEIK AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$18,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,37
THE NATIONAL,	62,49
THE ÆTNA,	18,41

It has an IMPORTANT NEW FEATURE that has been copyrighted. According to this plan the rates are 40 PER CENT LOWER than in any other Company in the world.

Its ratio of Mortality, is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 538 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
